

NOAA Satellite Conference

Data Distribution and Access – Direct Broadcast Breakout Session

Facilitators – Jim McNitt and Kathryn Mozer

Recorder – Wayne Mackenzie

Thanks in advance to our panelists and to you!!

Purpose

- Discuss Direct Broadcast:
 - Current Capabilities
 - Desired Capabilities
 - Capabilities Gaps
 - To close the gaps – partnerships, opportunities, challenges, and technology drivers
- Identify the top three goals

Vision

- The Direct Broadcast community can work together; leveraging strengths, building up functional areas that need improvement, and increasing advocacy for DB services.

Breakout Ground Rules

We only have 35 minutes

- Please be concise
- Plan on no more than 20 minutes for discussion then 15 minutes to agree on the top 3 goals
